**Why attend?** It's rare to have an international camporee so close to home. We have patrols coming from Canada, Great Britain, and the United Kingdom; Iowa, Florida, Missouri, Oregon and Texas; and are currently communicating with patrols from a few other countries.

**I've lived in California my whole life, why would I want to do something like this?** We get this question a lot. We had many local patrols that attended the Treasure Island International Camporee in 2008 that voiced this opinion and they were pleasantly surprised at the many activities they hadn't expected, the new friends they made from near and far and how much fun they had without having to travel. We are planning to have a few offsites that will offer up some surprises to our local girls.
